

Amendments to the Specification:

At page 5, please replace the first full paragraph (lines 6-10) with the following:

Figure 2 illustrates further detail of the communication fire wall 14. The filter-communication firewall includes communication interfaces 22 and 24 which allow communication to take place with the communication link 20, an electronic filter 26 and, in this example, a locking device 19 which consists of a mechanical or electronic switch 28 which is activated by means of a mechanical or electronic key 30.
